INDEPENDENT AUDITOR'S REPORT

Honorable Supervisor and Town Board
Town of East Hampton
East Hampton, New York

Report on the Financial Statements

We have audited the accompanying financial statements of the Town of East Hampton Community Preservation Fund, as of and for the year ended December 31, 2012, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Town of East Hampton Community Preservation Fund as of December 31, 2012, and the change in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

As discussed in Note 1, the financial statements present only the Community Preservation Fund and do not purport to, and do not, present fairly the financial position of the Town of East Hampton, as of December 31, 2012, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements of the Town of East Hampton Community Preservation Fund. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. The supplementary information has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 15, 2013, on our consideration of the Town of East Hampton Community Preservation Fund's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of East Hampton Community Preservation Fund's internal control over financial reporting and compliance.

**TOWN OF EAST HAMPTON
COMMUNITY PRESERVATION FUND
NOTES TO FINANCIAL STATEMENTS**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of East Hampton Community Preservation Fund (Community Preservation Fund) was created by Section 64-e of Town law. Established in 1998 by a voter-approved referendum, the Community Preservation Fund began collecting revenue in 1999. It is a special revenue fund of the Town of East Hampton, New York (Town) and prepares and records its accounting transactions on the modified accrual basis of accounting, which is more fully described in Note 1.C. These financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) for governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for establishing governmental accounting and financial reporting principles. Significant accounting principles and policies used by the Community Preservation Fund are as follows:

A. Organization and Background

As described above, the Community Preservation Fund is a special revenue fund of the Town and operates pursuant to the various provisions of New York State statutes and provisions of Town law. The Community Preservation Fund is governed by the Town Board.

The Community Preservation Fund is supported by revenues from a 2% real estate transfer tax imposed by the Town pursuant to Article 31-D of New York State Tax Law. The authority to levy and collect the tax expires on December 31, 2030. This revenue is used to help protect and preserve the community character through the acquisition of interests or rights in real property within the Town and villages including the purchase and/or preservation of historic lands and buildings, parks and recreations properties, open space and forestlands, wetlands, beaches and shoreline, and farmland. The Town has also authorized the issuance of bonds to advance its purchasing ability, which are expected to be supported by future revenues of the Community Preservation Fund through the year 2030. Upon completion of the Community Preservation Project Plan, any remaining funds will be applied to reduce any bonded indebtedness or other obligations incurred.

B. Basis of Presentation

These financial statements only report the operations and related transactions of the Community Preservation Fund; whereby the audited financial statements of the Town of East Hampton include all Town funds. Additionally, the audited financial statements of the Town of East Hampton would include all non-current assets and non-current liabilities for all Town funds.

C. Basis of Accounting and Measurement Focus

These financial statements are accounted for on the modified accrual basis using the current financial resources measurement focus. Revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be reasonably determined, and "available" means the related cash resources are collectible within the current period or within the first 60 days of the following year. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in the fund. Proceeds of general long-term debt are reported as other financing sources.

TOWN OF EAST HAMPTON
COMMUNITY PRESERVATION FUND
NOTES TO FINANCIAL STATEMENTS
(Continued)

D. Real Estate Transfer Tax

In November 1998, the residents of the Town approved a 2% real estate transfer tax, which became effective on April 1, 1999. The transfer tax receipts are recorded in the Community Preservation Fund. Transfer tax receipts are used for the purchase and/or preservation of historic lands and buildings, parks and recreations properties, open space and forestlands, wetlands, beaches and shoreline, and farmland. The tax applies to sales of vacant land in excess of \$100,000 and sales of improved land in excess of \$250,000. Conveyance of real property for open space, parks, or historic preservation to any not-for-profit, or tax exempt organization, operating for conservation, environmental or historic preservation purposes is exempt from this tax. During the year ended December 31, 2012, the Community Preservation Fund recorded receipts of \$22,051,267 from the real estate transfer tax.

E. Interfund Transactions

The operations of the Community Preservation Fund may include transactions with other funds within the Town. These transactions may be temporary in nature, such as with interfund borrowings from other Town funds.

F. Cash and Cash Equivalents

Cash and cash equivalents consist of funds deposited in demand accounts, time deposit accounts, and certificates of deposit with maturities of less than three months.

2. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

The Town's investment practices are governed by state statutes and Town policy. Community Preservation Fund monies must be deposited in Federal Deposit Insurance Corporation (FDIC) insured commercial banks or trust companies located within the state. Permissible investments include obligations of the U.S. Treasury and U.S. Agencies, repurchase agreements and obligations of New York State or its localities. Collateral is required for demand and time deposits and certificates of deposit not covered by FDIC insurance. Obligations that may be pledged as collateral are obligations of the United States and its Agencies and obligations of New York State and its municipalities. Investments are stated at fair value.

Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. GASB directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance and the deposits are as follows:

- A. Uncollateralized,
- B. Collateralized by securities held by the pledging financial institution, or
- C. Collateralized by securities held by the pledging financial institution's trust department or agent but not in the Town's name.

At December 31, 2012, all deposits were covered by FDIC insurance or fully collateralized by securities pledged on the Town's behalf.

**TOWN OF EAST HAMPTON
COMMUNITY PRESERVATION FUND
NOTES TO FINANCIAL STATEMENTS
(Continued)**

3. DUE FROM OTHER GOVERNMENTS

At December 31, 2012, the Community Preservation Fund was due \$4,084,321 from Suffolk County, related to unremitted real estate transfer taxes.

4. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

At December 31, 2012, the Community Preservation Fund had obligations of \$22,068 to other funds representing expenditures made by those funds on behalf of the Community Preservation Fund.

5. RESERVE FOR INDEBTEDNESS

The Community Preservation Fund borrows money in order to acquire real estate. This enables the cost of these capital assets to be borne by the present and future taxpayers receiving the benefit of these capital assets. See the supplementary information accompanying these financial statements. One debt issue will mature after 2030, which is the last year the Town is authorized to collect the 2% real estate transfer tax based on the Town law. The amount of total debt payments for the period of 2031 – 2033 is \$711,058, including principal, interest and administrative fees. The Town Board authorized the establishment of a reserve for indebtedness in accordance with General Municipal Law §2 Part 6-h (Reserve Fund for the Repayment of Bonded Indebtedness) for the amount needed to pay the Community Preservation Fund debt after 2030.

6. RESERVE FOR DEBT SERVICE

The Town received proceeds from a state grant after the issuance of bonds to pay the cost of the acquisition of real estate. The Town Board authorized the establishment of a reserve for debt service, which was funded by the grant proceeds, to finance the debt service payments of the bond issue over its remaining life, which is April 2020. The activities of the reserve for debt service are as follows:

Balance at beginning of year	\$ 414,530
Accumulated interest earnings	458
Use of reserve for debt payments for Shadmoor property	<u>(46,106)</u>
Balance at end of year	<u>\$ 368,882</u>

7. REAL ESTATE PURCHASES

The Community Preservation Fund acquires interests or rights in real property for the preservation of community character within the Town based on the community preservation project plan, which is filed with the commissioner of environmental conservation, the commissioner of agriculture and markets and the commissioner of the office of parks, recreation and historic preservation. The real estate purchases are \$13,499,792 for the year ended December 31, 2012.

**TOWN OF EAST HAMPTON
COMMUNITY PRESERVATION FUND
NOTES TO FINANCIAL STATEMENTS
(Continued)**

8. ACQUISITION MANAGEMENT

Acquisition management represents the cost associated with research and plan development for potential real estate purchases. The acquisition management costs are \$143,230 for the year ended December 31, 2012.

9. MANAGEMENT AND STEWARDSHIP FEES

In accordance with the Section 64-e of the Town Law, the Community Preservation Fund provides a management and stewardship program for all parcels acquired under the community preservation project plan. The management and stewardship fees are \$227,108 for the year ended December 31, 2012.

10. OUTSIDE PROFESSIONAL FEES

Outside professional fees represents the professional service fees (e.g. appraisals, survey, etc.) paid by the Community Preservation Fund during the search and evaluation process for real estate that was not acquired by the Community Preservation Fund, as well as audit and other professional fees. The outside professional fees are \$10,535 for the year ended December 31, 2012.

11. CONTINGENCIES

The Community Preservation Fund financial information to be included in the Town's December 31, 2012 audited financial statements may be different from these financial statements due to timing.

12. SUBSEQUENT EVENTS

Management has evaluated events subsequent to December 31, 2012, and through March 15, 2013, the date on which the financial statements were approved for issuance, noting no matters requiring disclosure.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Supervisor and Town Board
Town of East Hampton
East Hampton, New York

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Town of East Hampton Community Preservation Fund (Community Preservation Fund), as of and for the year ended December 31, 2012, and the related notes to the financial statements and have issued our report thereon dated March 15, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Community Preservation Fund's internal control over financial reporting (internal controls) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Community Preservation Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Community Preservation Fund's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Community Preservation Fund's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

We noted certain matters that we have reported to the Town Board and management of the Community Preservation Fund's in a separate letter dated March 15, 2013.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Cullen & Danowski, LLP
