All Incidents of Bias Are Wrong And Many Are Against The Law

KNOW THAT YOU ARE NOT ALONE

Intolerance against persons because of their race, ethnicity, religion, age, disabilities, gender, or sexual orientation tears at the fabric of society. Acts of aggression based on prejudice alienate individuals and groups. They rob us of the sense of security and well-being we seek for ourselves and our families as we live, work, play and worship in our community.

What Is The Anti-Bias Task Force?

The East Hampton Anti-Bias Task Force is an official agency of the Town. Recognizing the destructive effects of prejudice and intolerance, the town of East Hampton created the Anti-Bias Task Force in 1993. It is
